How do I choose a Charlotte solar company?

When looking into Charlotte solar companies, find those with a minimum of 3.5 out of 5 stars on sites like Google Reviews and similar platforms, in addition to a good reputation on Better Business Bureau (BBB). Read through reviews to understand other homeowners' experiences with a company, and watch for consistent bad reviews.

Should you go solar in Charlotte NC?

Solar energy offers a renewable, eco-friendly and cost-effective way to power your property. If you're from the Charlotte, North Carolina, metro area and are considering going solar, it's important to do your research beforehand and understand basic costs for solar in your area.

How much does solar cost in Charlotte NC?

The average price per watt of solar power in Charlotte, NC is \$2.38/W. These prices are before incentives. After the federal solar tax credit, the final cost will drop by 30%, down to \$21,398 for a 12.86 kW system. Many states even offer local rebates and incentives that lower the price further--sometimes by thousands of dollars.

Do solar panels save money in Charlotte?

Average daily sunlight: Since Charlotte gets lots of sunlight, your solar panel system will most likely be able to produce enough energy to power your whole home, which influences how much you can save on your energy bills. The type of solar panels you want to get: Some cost more, so that will influence your budget for your solar project.

Should you get a solar loan in Charlotte?

Solar loans are popular among homeowners because you don't have to have the money for the installation upfront, but you get better lifetime savings than with a leased system. You also get to directly use the
