

By Alexander Jones, International Banker. Bhutan's GDP growth over the last few years has been mostly brisk to say the least: Furthermore, the projections over the next few years are for a significantly higher growth rate to transpire. Between 2017 and 2019, the GDP of Bhutan is expected to grow by a yearly average of 11.1 percent

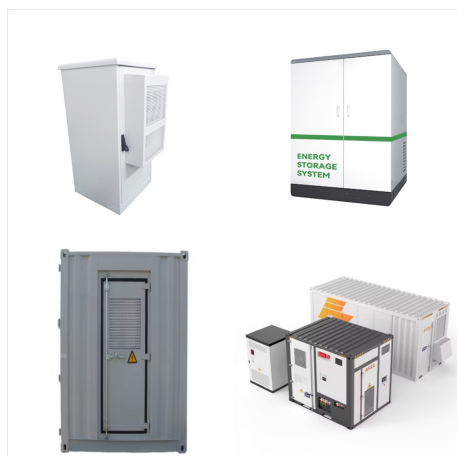

HR and Admin Manager . A self-motivated and dedicated individual who finds opportunities in everything. I always look at the brighter side of picture and never get discouraged if any undesired event happens. In fact, I believe one should always learn from the experience, whether it's good or bad. .
