

Why did Biden get a \$7 billion solar grant?

The \$7 billion of solar funding through the Environmental Protection Agency's Solar for All grant competition was included in Biden's landmark climate change law, the Inflation Reduction Act. It will create 200,000 jobs and save households in the program about \$400 a year, according to the White House.

Who will receive a \$7 billion solar grant?

Washington - Today, April 22, as the Biden-Harris Administration celebrates Earth Day, the U.S. Environmental Protection Agency announced 60 selectees that will receive \$7 billion in grant awards through the Solar for All grant competition to deliver residential solar projects to over 900,000 households nationwide.

What are Biden's new solar grants?

Forty-nine of the new grants are state-level awards, six serve Native American tribes and five are multi-state awards. They can be used for investments such as rooftop solar and community solar gardens. Biden is making the announcement at northern Virginia's Prince William Forest Park, about 30 miles southwest of Washington.

How much solar will Biden-Harris give a year?

Biden-Harris Administration Announces \$7 Billion Solar for All Grants to Deliver Residential Solar, Saving Low-Income Americans \$350 Million Annually and Advancing Environmental Justice Across America
