

Who is Bluebird solar?

Bluebird Solar is one of India's leading solar panel manufacturers with the mission to deliver sophisticated solar power solutions to our customers. We are a reputed brand with over 40 years of expertise in solar panel manufacturing. Our expertise encompasses manufacturing Polycrystalline, Mono Crystalline PERC and Halfcut solar panels.

How many MW does Bluebird solar have?

The company now has a 400 MW facility in Noida, India, and plans to expand it in two phases, with 800 MW to be added by March 2024 and another 800 MW by March 2025. Bluebird Solar will also soon launch n-type TOPCon modules with up to 650 W of output.

Will Bluebird solar build a 2 GW power plant in 2024?

Data Protection Policy Delhi-based Bluebird Solar, which currently operates 400 MW of annual panel manufacturing capacity, says it will ramp up capacity to 1.2 GW by March 2024 and to 2 GW by March 2025.

Which Bluebird solar panels are best?

Bluebird Solar manufactures the widest range of top-performing M10 Mono PERC Half-cut PV modules with the highest energy conversion efficiency of above 21%. They are available in both mono-facial & bi-facial categories in 144, 132, 120 & 108 Cell configurations. All Bluebird solar panels are BIS ALMM & IEC certified.

Are Bluebird solar panels BIS ALMM & IEC certified?

All Bluebird solar panels are BIS ALMM & IEC certified. They have first in Industry 30-year linear performance warranty for both Mono facial & Bi-facial modules, which further enhances the advantages we offer. Further in our range of products we also offer Polycrystalline & Mono-PERC modules that cover the range from 40Wp to 550Wp.

Why should you choose Bluebird solar?

Stringent quality checks ensure the highest standards of product quality, leaving NO scope for errors in Process, Quality & Final Output. Bluebird Solar manufactures the widest range of top-performing M10 Mono PERC Half-cut PV modules with the highest energy conversion efficiency of above 21%.

BLUEBIRD SOLAR COMPANY DETAILS

Yes, Bluebird 400 W Mono PERC Solar Panel is compatible with your battery. You have to connect solar charge controller with this to control excess charging. Does It work with microtek 2335 solar inverter ? Yes, Bluebird 400W Mono PERC solar panel can be used with microteck ups. My battery is 220ah 12volts.

Through partnerships, financial assistance programs, and dedicated customer support, companies like Bluebird Solar are instrumental in bridging the gap, ensuring solar energy's benefits reach a broader audience across India's diverse landscape.
