As one of Bosnia and Herzegovina's (BiH) most important export sectors, the energy sector has the potential to be a major engine for economic growth in BiH. The sector is also relevant for the country's accession to the EU, as development of competitive energy markets is required by the EU and the Energy Community Treaty.

In 2017, The Federation of BiH passed the Law on Energy Efficiency of the Federation of Bosnia and Herzegovina (Official Gazette of FBiH no. 22/17) in the Federation of Bosnia and Herzegovina EPBD requi, which regulates the rements. Further harmonization was achieved through the following ordinances based on the mentioned Law, namely:

The State Electricity Regulatory Commission (SERC) is an independent institution of Bosnia and Herzegovina, which acts in accordance with the principles of objectivity, transparency and equality, and has jurisdiction over and responsibility for transmission of electricity, transmission system operation and international trade in electricity as well as generation, distribution and ???

Bosnia and Herzegovina has submitted its draft National Energy and Climate Plan (NECP) within the deadline. The 2030 climate and energy targets have been properly reflected in the draft NECP. A public consultation and regional consultation on the draft NECP has not taken place. Bosnia and Herzegovina has not defined the 2030 climate target

In March 2018, the first 50 MW Mesihovina wind
power station was opened. In the ten months of its
operation, it produced 103.5 GWh, equivalent to
0.58% of the total electricity generation in Bosnia
and Herzegovina. Given that over 50% of Bosnia
and Herzegovina's territory is under forests, energy
from wood biomass also has large potential.

It is not only about being an equal participant in the European energy markets, but Bosnia and Herzegovina has a once-in-a-century chance to spur sustainable economic development and social progress through greater volumes of investments, increased productivity and creation of new jobs throughout the energy value chain ".
