The government of Bosnia and Herzegovina's Serb Republic said it has signed a Memorandum of Understanding (MoU) with Saudi Arabia's construction company Masco Group for the development of a 60 MW solar power plant in Bijeljina.

To maximize year-round solar energy production in Velika Kladu??a, Federation of Bosnia and Herzegovina, fixed solar panels should be installed at a tilt angle of 38 degrees facing south. This angle optimizes the panels" exposure to sunlight throughout the year, accounting for the Earth's elliptical orbit and the location's specific latitude.
