

How do I choose a solar installer in Boulder?

Before deciding on an installer, request recommendations from others, review the installers you're considering and collect quotes from multiple companies to find the one that is the best fit for your needs. You can select a local solar company in Boulder or choose a leading national brand.

Are solar panels a good investment in Boulder?

Though installing solar panels requires a large investment to start, you can achieve considerable savings on your energy bills in the long term. In Boulder, you can expect to save money once you've gone completely to solar.

Why should you go solar in Boulder Colorado?

The Boulder region receives plenty of sunlight, which is ideal for homeowners to benefit from solar energy. Here are the top reasons to go solar: Save on energy bills: Adopting solar can help lower your electricity bills. Solar panel systems create power to substitute for the electricity you would have otherwise bought from the utility company.

Should you switch to solar energy in Boulder?

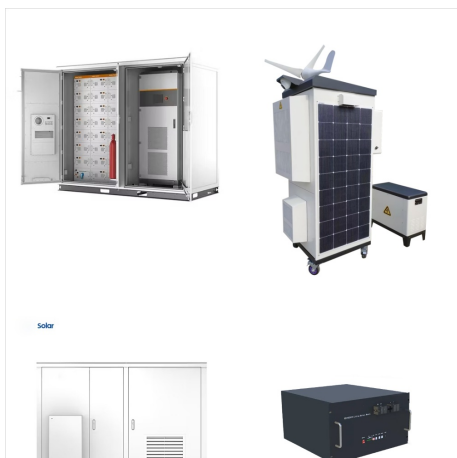

According to the U.S. Energy Information Administration (EIA), changing to solar energy enables Boulder homeowners to save \$1,000 on average each year. Not every solar company provides the same offerings. Prior to arranging your solar panel installation, weigh different companies' offerings and get quotes from each.

How much does it cost to install solar panels in Boulder?

Be prepared to pay extra if you pick any accessories like solar trackers, batteries or animal guards. According to statistics from the Bureau of Labor Statistics (BLS), NASA and the EIA the mean cost to install solar panels in Boulder is \$14,732.

Are there solar incentives available in Boulder?

There are several solar incentives open to homeowners in Boulder. Certain programs are applicable to all Colorado residents, while others are dependent on your utility company, city and municipality. Per the DSIRE, here are the solar incentives offered to Colorado residents: Determined through competitive bid.

A team that solicits and reviews proposals from solar companies. First, Solar United Neighbors requests bids on your behalf.
