Our advanced marine battery systems are powering the next generation of electric and hybrid maritime vessels, helping to reduce their environmental impact and improving sustainability, while also assisting with regulatory requirement compliance.

AGVs and AMRs play an immensely important role in factory automation. The continuous and self-controlled power supply is one of the most important tasks here for an optimum performance of the AGV. Finding a reliable, high-performance and scalable battery solution can be a major challenge - unless you rely on the VARTA EasyBlade ready-to-use

Modular, scalable 24V and 48V battery solutions VARTA's Application Specific Batteries offer you quicker design and integration and lower total cost of ownership. With high availability, certification included and matching chargers, VARTA customers can bring their new applications to the market faster and reach revenue faster.
