Who financed solar energy project in India?

Power Grid Corporation of India, International Finance Corporation and World Bank reached an in-principle agreement to fund the project. Supported by a 400MW power purchase agreement (PPA) with Madhya Pradesh Power Management Company, the solar energy project is expected to come online by 2023.

Could floating solar power boost UK energy security?

Using just 2.3% of the total area of Europe's hydropower reservoirs for floating solar installations could produce 42.3TWh of power each year. Given that the UK has around 570 reservoirs (although not all of these produce hydropower), floating solar installations could provide a significant boost to UK energy security.

Are floatovoltaic solar projects taking off in the UK?

However, the UK has seen few floating solar projects take off, despite the potential they hold. There are precious few floatovoltaic installations operating in the UK at present.
