

What is the best solar battery?

At just 3 kWh per module, the Generac PWRcell is the most flexible and customizable solar battery on our list and perhaps the market. Stack three batteries together for 9 kWh of usable capacity - ideal for Solar self-consumption and light backup - and then add up to three more per cabinet as your storage needs increase.

Should you buy a sunvault Strage Solar System?

What we like: SunPower is a well-known and trusted solar brand and its 10-year/unlimited cycles warranty is on-par with Tesla's. If you're not a Tesla fan and a robust battery warranty is high on your list, the SunVault Strage system offers a great alternative.

Which Enphase battery is best?

The IQ 5Pis by far Enphase's best and most powerful battery offering to date. Better yet, it's 5 kWh size and stackability make it incredibly versatile. Use a single module for small-scale self-consumption or stack several together to create a large backup system.
