

Does Scatec have a solar power plant in Cameroon?

10 June 2024,Cameroon/Norway: Release by Scatec has entered into two new lease agreements with the national electricity company ENEO in Cameroon,expanding its existing solar and battery storage power plants in the country to 64.4 MWof solar and 38.2 MWh of batteries.

How much energy will release supply in Cameroon?

When the extensions of the projects are completed,Release's projects in totality will supply energy to about 200,000 householdsin Cameroon,according to ENEO estimates,generating an annual production of about 141.5 GWh of electricity.

Why is Eneo reaffirming its partnership with Cameroon?

By increasing the installed capacity in the country,we are reaffirming our collaboration with ENEO and our commitment to Cameroon as a key market for our solutions," says Hans Olav Kvalvaag,CEO at Release.

Release completed the already existing solar plants in Maroua and Guider in Cameroon (35.8 MW solar and 19 MWh BESS) in September 2023, and is now adding 28.6 MW of solar and 19.2 MWh of battery storage.
