What is Solarman smart?

SOLARMAN Smart is a brand new smart energy management application,which is specially designed for global household owner users. With full-on visual experience,user-friendly data display and all-round monitoring functions,SOLARMAN Smart makes smart energy management easier for everyone. Why Choose SOLARMAN?

What is Solarman smart cloud platform?

SOLARMAN has developed a complete intelligent PV solution including hardware,software and data analysis to offer smart energy for global customers.SOLARMAN smart cloud platform has been a global leading PV monitoring and management platform,focuses on managing distributed PV power plants worldwide.

What products does Solarman offer?

offers a complete solar monitoring &management hardware products include various data logger,smart meter,weather station,optimizer,rapid shutdownand so on. SOLARMAN brings comfortable and eco-friendly life to global users. SOLARMAN has established a close cooperation relation with ZCS in Italy,CORAB in Poland.

How reliable is Solarman smart?

It's highly reliableand accurate,with compact size and easy to install. SOLARMAN Smart is specially designed for end-users,offering an extremely interactive experience with comprehensive functions such as real-time monitoring and control of home appliances,customized infographic displays and power consumption analysis.

What is Solarman solution?

SOLARMAN solution covers whole life-cycle of devices,capable of smart product management and remote problem-solving. SOLARMAN empowers PV professionals such as installers,O&M service providers and distributors,to streamline business process,to realize highly efficient O&M by cutting-edge technologies.

What is Solarman business?

SOLARMAN Business is a feature-rich software platformthat covers whole life cycle of PV plants,perfectly serving all your requirements.
