

Does Kidde smoke & carbon monoxide detector have a battery?

You can find out more about the exceptions and conditions here. Would you like to tell us about a lower price? The Kidde Smoke & Carbon Monoxide Detector, Lithium Battery Powered, Interconnect Combination Smoke & CO Alarm with Voice Alert, model P4010DCSCO-W, is powered on a 10-year, sealed, lithium battery to protect during a power failure.

How does a carbon monoxide detector work?

This compact carbon monoxide detector has a large digital display so you can quickly and easily read your home's temperature and CO₂ levels. This product also comes with a built-in 10-year lithium battery and a loud 85-decibel alarm system that alerts you when your CO₂ has reached a danger level.

How long does a carbon monoxide detector last?

The unit contains a 10-year tamper proof battery that eliminates the need for battery replacement, and provides continuous monitoring of CO levels, even during power outages. The Event Memory feature alerts you if a high level of carbon monoxide has been detected within the last 14 days.

Which carbon monoxide detector is best?

Our choice for the best overall carbon monoxide detector is the First Alert Combination Smoke and Carbon Monoxide Detector for its light indication capability. Read our guide below for more about our top picks. Prices taken at time of publishing. We like that this carbon monoxide alarm offers two-in-one protection against smoke and carbon monoxide.

Should you buy a carbon monoxide detector?

A carbon monoxide detector should audibly and visually alert you when it detects a dangerous environment, so you can quickly get you and your family to safety. Some carbon monoxide detectors also come with smoke detectors built-in for an all-in-one device.

How big is a Kidde carbon monoxide detector?

It is approximately 4 1/2" X 3" with depth of 1 1/2" Customers say the Kidde Carbon Monoxide Detector is easy to install and offers a long-lasting 10-year battery, providing peace of mind without the hassle of regular

CARBON MONOXIDE DETECTOR WITH LITHIUM BATTERY

maintenance. Many appreciate its compact design and the assurance of safety it brings, especially in homes with gas appliances.

Some of the most reviewed products in Carbon Monoxide Detectors are the Kidde Firex Battery Operated Carbon Monoxide Detector (6-Pack) with 1,848 reviews, and the Kidde 10 Year Worry-Free Sealed-In Lithium Battery Carbon Monoxide Detector with Digital Display with 622 reviews.
