

How much does Sungrow sbr096 cost?

European delivery. Available from 2022-W44 +EUR169.00 International delivery. Available from 2022-W44 +EUR350.00 Sungrow SBR096 - High Voltage Lithium iron Phosphate Battery

How much does the sbr096 weigh?

The SBR096 is part of Sungrow's innovative energy storage product line, known for its high efficiency and reliability in energy management systems. 114kg (This is a heavy and bulky item, ensure there is suitable site access per our shipping policy) 545mm Installation not included in price.

What is a sbr096 battery?

This battery system supports a depth of discharge (DOD) of up to 100%, ensuring optimal use of its 9.6 kWh capacity. The SBR096 integrates advanced safety features, including over/under voltage protection, overcurrent protection, and temperature monitoring, to ensure reliable operation.

What is a Sungrow sbr096 battery?

**BUILD YOUR OWN SYSTEM** The Sungrow SBR096 high-voltage (192V - 219V DC) battery is a high-performance energy storage solution tailored for residential use. Its design features compact dimensions (625 mm width, 545 mm height, and 330 mm depth), making it ideal for installations where space is limited.

What is SBR battery?

Guess you want to find it. SBR battery is the energy storage system (ESS) essential for storing solar energy in your device.

What safety features does the sbr096 offer?

The SBR096 integrates advanced safety features, including over/under voltage protection, overcurrent protection, and temperature monitoring, to ensure reliable operation. Additionally, it supports up to 30A continuous charging and discharging current, providing robust performance.
