

What is centrotherm photovoltaics?

centrotherm photovoltaics AG is the world's leading technology and equipment provider for the photovoltaics sector. With more than 30 years of experience and an extensive, proven technology platform on almost all levels of the photovoltaic value chain, the company sees itself as a pioneer in the industry. Furnaces for advanced packaging.

What happened to centrotherm photovoltaics?

As part of company restructuring in the centrotherm Group, the name of the photovoltaic business unit was changed to centrotherm photovoltaics solutions GmbH & Co. KG in 2004 and in 2006 became centrotherm photovoltaics AG.

Who is centrotherm Elektrische Anlagen kg?

The company was founded in 1976 as centrotherm Elektrische Anlagen GmbH + Co. KG. In the 1990s the company broke into the photovoltaic business and since 2000 has been an important global player in this industry sector.

centrotherm has 5 employees across 10 locations and ???151.24 m in annual revenue in FY 2023.
