 RESPONSIBILITY

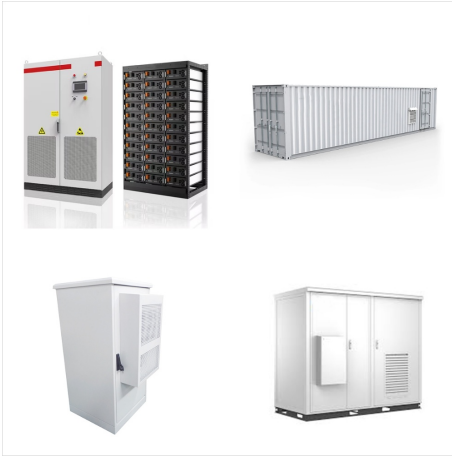

SANIA Power delivers strong results thanks to our dedicated employees and a keen focus on value creation. The Company keeps a strict focus on its strategy. We detect market inefficiencies in time and move energy from where there is more than needed to where it is needed most. SANIA Power concentrates on its core expertise

At SANIA Power, we trade power across borders, buying it in areas where there is a surplus of energy, and flowing it to areas where the demand is high. Take a windy day in Germany as an example. On windy days, wind farms in Germany can produce more power than what can be consumed within
ENERGY COMMODITY TRADING - SANIA POWER AG. Home;

We trade energy commodities. SANIA Power challenges market inefficiencies with international energy trade, moving energy commodities from where there is more than needed to where it is needed most with efficiency and at the lowest possible cost.

We move energy from where there is more than needed to where it is needed most with efficiency and at the lowest cost. ? SANIA Power AG is a seven-year-old, Switzerland-based, rapidly growing energy trading business with in-depth specialisation in the European energy markets. & It;br& gt;& It;br& gt;The Company is the shareholder and the main firm of SANIA GROUP, ???

In July 2022, the first year of our current three-year corporate strategy, "LEVEL UP" started. We kicked off the strategy; our ambition is to grow our business, successfully use the commercial opportunities, establish global trading activities, increase our share of automated trading and be one of the most attractive partners and workplaces in energy trading.

Power (electricity) trading refers to purchasing and selling power between participants in the energy markets. Various forms of power trading are possible depending on the market design, ranging from short-term trading to long-term power purchase agreements. "Market coupling" enables cross-border trading, allowing several European countries to trade on the same power ???
