

Why should you choose chins Bluetooth LiFePO4 battery?

Built-In BMS and Convenience and Maintenance Free: CHINS Bluetooth LiFePO4 battery has built-in BMS (Battery Management System) to protect it from overcharge, over-discharge, over-current, and short circuit with excellent self-discharge rate. Built-in high temp cut off prevents charging over 122 °F (50 °C).

How much does a chins battery cost?

Both batteries had a stand voltage of 13.2V at the time of unpacking. These batteries do not have low temperature cut-off. They cost \$899 each, and CHINS offers an additional 5% off at purchase. The documentation is a small printed manual in color with all of the information you need (specs and parameters) for charging, use, care and warranty.

How long does a chins battery last?

CHINS products carry a 10 year warranty; but the battery lifetime can easily be more than 10 Years. The CHINS 10-year battery warranty includes the following privileges when used correctly in accordance with the manual instructions:

Are Chin batteries any good?

There are some people saying these batteries are no good but if the rumor about those people is true, they have never owned or used a Chin battery. This model comes with a built-in battery management system or BMS as well as a high temperature cut off switch/sensor.

How long does chins warranty last?

CHINS offers a 90 day refund, 3 years free replacement, and a free 5 year support/maintenance. Not sure what you get for the 5 year support/maintenance. I guess a line of communication to tell you they are broke and to buy new ones if they are defective????????? You decide.

What is a chins 100Ah smart lithium battery?

The CHINS 100AH Smart 12.8V LiFePO4 Lithium Battery has built-in BMS (Battery Management System) to protect it from overcharge, over-discharge, over-current, and short circuit with excellent self-discharge rate. The CHINS 100AH Smart 12.8V LiFePO4 Lithium Battery built-in high temperature cut off prevents charging over
