

Businesses that can't afford to be without power for even a second, such as hospitals, data centers and 911 call centers, depend on Generac for reliable, automatic standby power. For gaseous and diesel generator sets, Modular Power Systems??? (MPS) and Bi-Fuel??? systems, Generac is the trusted solution when power failure is not an option.

I interviewed at Clifford Power Systems (Kansas City, KS) in Jun 1, 2012. Interview. The process was a bit different than others as we were part of a purchase of another company. The typical process is the posting of the job, the receipt of the resume, and if applicable a phone interview, a face to face interview, and an online assessment. The

Clifford Power customers have the option to establish a line of credit for their purchases and services. This credit application can be filled out and supplied to your Clifford Power representative, or you can email it to info@cliffordpower . Credit Application
