Conquer the outdoors in comfort and convenience with help from a Coleman Tent Fan with Power System. This portable, remote-controlled cooling and lighting system gets the air circulating anywhere in any tent. Just set the magnetic bottom on the ceiling where you want it and then attach the steel plate from the outside.

What is a Coleman CPX 6 lighted tent fan?

Conquer the outdoors in comfort and convenience with help from a Coleman CPX 6 Lighted Tent Fan with Stand. This portable cooling and lighting system gets the air circulating anywhere in any tent.

How does a Coleman OneSource camping tent work?

Part of a system that powers outdoor gear, the Coleman OneSource 6-Person Camping Dome Tent with Airflow System and LED Lighting lets you enjoy time outdoors with friends and family comfortably. An integrated fan refreshes the air in the tent 6 times per hour to reduce humidity and LED lighting offers warm diffused light throughout the tent.

How does a Coleman tent work?

This tent is very spacious. We can stand in it and it's perfect for our family of 4. Both light and fan are powered by a Coleman battery that you charge. You then insert the battery into the compartment of the light and fan. Another big plus is that you can use the battery to charge other items.

How long does a Coleman tent take to set up?

This 9-by-7-foot with 4-foot 11-inch center height sets up in as fast as 10 minutes, with welded corners and inverted seams to help keep water out. Power your outdoor gear and devices with a single interchangeable system with the Coleman OneSource 6-Person Camping Dome Tent. Warranty: 1 Year Limited Warranty.

Is this a good Coleman tent?

This is a great Coleman tent. It held up to its name. So many nice perks about this tent. We took it to the beach this past weekend, and even though it was really windy at the beach, the tent held up. Although my husband and I struggled a bit to put it up due to the wind, it is super easy.

Best Camping Tent Fan Reviews. Tent fans are undeniably a luxury item when out camping. They're mostly on the heavy side and take up a good bit of space. Despite this, if you can take one with you we highly recommend it. There's nothing like a cool breeze blowing across your face while out in the wilds.

[This review was collected as part of a promotion.] After years of searching for a durable and quality tent for my family, I was pleasantly surprised with the value and ease of set-up of this Coleman - Skylodge 10 person Tent. The interior of the tent is so spacious, I have never come across one like it!
