

Who is anern solar energy?

Anern is a leading solar energy manufacturing company specializing in the R&D and production of solar energy systems, solar lights, LED lights since 2009. We have offer high-quality solar energy products and satisfactory services to more than 10,000 users around the world. OEM/OEM is Available.

What is an anern Solar System?

The main material of solar panels is silicon, which absorb sunlight then convert it into electrical energy to generate. Anern's solar systems include off-grid solar system and grid-connected solar system. It is a portable solar energy storage system that can be flexibly set in a variety of modes.

What types of solar systems does anern offer?

Anern's solar systems include off-grid solar system and grid-connected solar system. It is a portable solar energy storage system that can be flexibly set in a variety of modes. Anern has two low-frequency inverters, which are WSPI series with high conversion efficiency and SPI series with UPS function.

Who is anern?

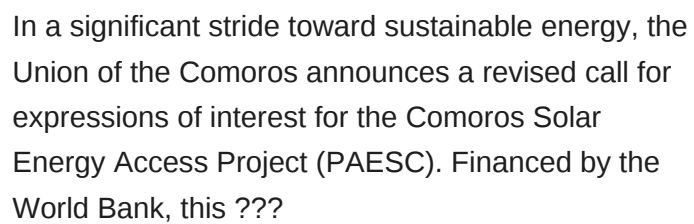

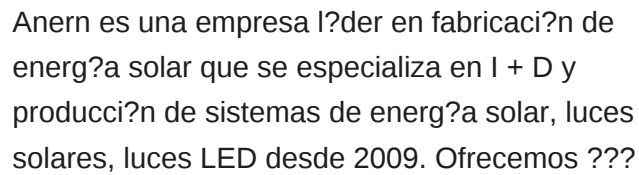

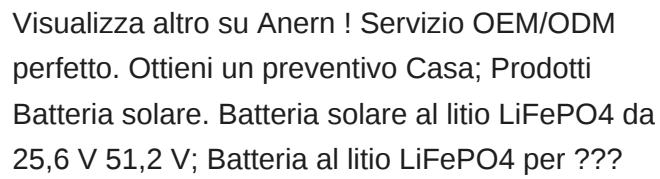

Anern has 15 years of experience in solar lighting and solar product manufacturing. Anern Industry Group Limited is headquartered in Guangzhou. With a production base of 7,000 square meters, our company has an R&D team of more than 100 people. Anern has been adhering to the integration of advanced technology and high-quality products.

What is anern solar controller?

It is a portable solar energy storage system that can be flexibly set in a variety of modes. Anern has two low-frequency inverters, which are WSPI series with high conversion efficiency and SPI series with UPS function. Anern Solar Controller ensures that the battery is properly charged and to prevent overcharging.

Where is anern energy technology company located?

Address: 5th Floor, Building B, No.2817 Kaichuang Avenue, Science Zone, Huangpu District, Guangzhou, China.
