

Kuwait's optimistic view about near-term and long-term demand echoes OPEC's outlook, which sees robust oil demand growth for both 2024 and 2025, and in the longer term. By Charles Kennedy for

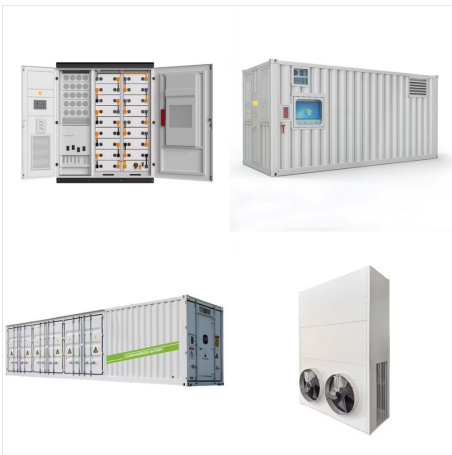

SK Hynix sees solid demand for server chips offsetting weaker mobile, PC demand April 26, 2022 at 11:46 pm EDT Share China's COVID-19 lockdown was the biggest risk driving weaker chip demand in mobile and personal computers, the company said, but it expected a pick-up in the second half as manufacturers ramp up product launches before the

The company's ability to generate solid free cash flow should give management flexibility to grow the dividend. In a midcycle environment, we expect free cash flow to be over \$700 million. Share

Shaikh Nawaf Al-Sabah, the chief executive of Kuwait Petroleum Corporation (KPC), stated in an interview with Bloomberg that global oil demand appears strong in a balanced market this year. He emphasized that the market remains healthy on the demand side, attributing part of the recent growth in world oil consumption to rising U.S. shale production.

The company's ability to generate solid free cash flow should give management flexibility to grow the dividend. In a midcycle environment, we expect free cash flow to be over \$700 million. Share

HAMBURG : Solid container shipping demand has driven up freight rates over the past two months, Hapag-Lloyd Chief Executive Mr. Rolf Habben Jansen said in a call with reporters on Wednesday. Attacks on vessels by Yemen-based Houthi militants have led shipping firms to avoid the Red Sea that connects with the Suez Canal and instead use a longer route ???
