

Does a Generac 22 kW generator have a 5-year warranty?

It comes with a five-year warranty and has Wi-Fi capabilities, which allow you to check the status of your generator at all times, affording peace of mind in storm season. The Generac 22-kW is designed to power your entire house, which means you will have every comfort you're used to while waiting for your regular power to come back on.

Are Generac generators under warranty?

Engines are under warranty however not labor or shipping. Now it is going to cost \$1500 to replace a faulty engine. Generac needs to be making these catastrophic failures known to the public. Generac may be the WORST company to work with. I bought a General 15000E generator about a year ago. When I got it, I tried it out and it worked fine.

How long does a Generac generator last?

Our moderators read all reviews to verify quality and helpfulness. When you pay over \$6000 for a whole house generator from Generac you would expect it to last for more than 1700 hours before complete engine failure. I have had 2 others with the same issues. These are G0070422 models that are 2200 watts.

Why does my Generac generator not work?

It is a really cheap oil pressure sensor and it fails and that allows oil to leak out. Hence generator doesn't work. Only has 80 hours on it. Generac should have to pay for the oil, tech and part replacement, THEN THEY'D USE A QUALITY PART REAL FAST. Try Kohler.

How does Consumer Reports test a generator?

Consumer Reports runs each generator through a variety of scenarios designed to capture the ways in which a consumer might inadvertently misuse a generator. We conduct these tests in a custom-built facility on the grounds of our Yonkers, N.Y., test facility.
