Thanks for choosing Sunrun to power your home and keep it powered during black-outs! By participating in the California Grid Reliability Program, Sunrun customers with battery systems can help improve the grid's resiliency! Sunrun sends power from your battery to the grid when there is high demand. A portion of your battery will be reserved for back-up power at all times.

Sunrun has partnered with East Bay Community Energy (EBCE) with the goal of improving grid reliability and increasing the amount of renewable energy on the grid at times of highest demand. If your home is affected by a grid outage and are unsure what to do with your PV and battery system, please contact Sunrun by phone at (855) 478-6786 or

Add Brightbox, Sunrun's battery storage system, to your solar installation in New York City. This can help you keep your devices and appliances running during outages, cloudy days, rainy afternoons, or at night.
