CPSL Financial Services is the division of the CPSL Group that provides, for customers investing in our systems, funding & grant support search, advice and know-how and connections to a range of financial products. Funding. CPSL Financial Services will be there to provide the necessary support in the financing of our projects.

Lighting accounts for up to 40% of the electricity used in commercial buildings, and can rise to as high as 70% in certain situations. By removing up to 80% of this cost through the installation of energy efficient LED lighting would be highly beneficial for a business with intensive lighting demands, and who are looking to improve their building's energy efficiency.

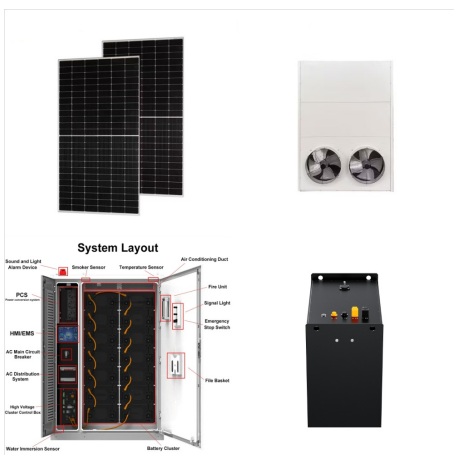

At CPSL, we aim to be as transparent as possible with our clients which is why we're happy to show a record of all our previous renewable installations! As you can see, we complete projects all over the UK, ranging from the Orkney Islands all the way down to the South Coast.
