

Treat your engine to 1-TANK Power Renew and get back the power, performance and MPG you've been missing! CRC Diesel 1-TANK POWER RENEW is a concentrated one-tank cleanup that delivers a powerful SHOCK to your dirty fuel system. Made with

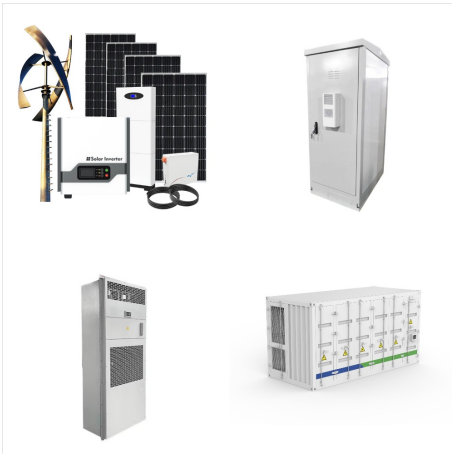

**Product Description** A concentrated one-tank cleanup that delivers a powerful SHOCK to your dirty fuel system. Made with the maximum available chemistry it's the most powerful fuel system cleaner on the market. Excellent cleanup with proven results.

**Why is a Complete Fuel System Cleanup Needed?** Fuel quality differs from pump to pump and, over time, contaminants in fuels will cause carbon deposit buildup throughout the fuel system. Carbon deposits harden on intake valves, piston heads, cylinder walls

# CRC 1 TANK POWER RENEW COMPLETE FUEL SYSTEM CLEANUP

Available in different formulations for vehicles running on gasoline or diesel fuel, CRC 1-TANK POWER RENEW can restore and significantly improve power and driving performance while

CRC 1 -TANK POWER RENEW for gasoline provided a robust cleanup in 100% of the tested high-mileage vehicles. Similar results were found when testing the diesel formula, CRC 1 -TANK

Made with the maximum available chemistry it's the most powerful fuel system cleaner on the market. Excellent cleanup with proven results. Up to 5.7% MPG increase, 97% total power restoration, 99% injector flow improvement and cleaner emissions. Only needed 4x per year.
