

We recognise that it shall be vital for energy providers and the government on each island to work together to focus on how to increase energy independence, which in turn shall deliver energy security and a resilient supply (without exposing the islands to the escalating geopolitical risk and volatility of the European energy market), at a

Islands Energy Group, the parent company of Crown Dependencies energy companies Guernsey Energy, Island Energy and Isle of Man Energy, has pledged to become a Net Zero business by 2050 in its newly published Group-wide sustainability strategy ??? Our Journey to Net Zero.

Islands Energy Group has announced the appointment of Graeme Millar as its new chief executive officer, with immediate effect. Graeme has lived in the Channel Islands for the past 14 years, and spent 11 of those as the Group CEO of Jersey Telecom (JT), where he oversaw the roll-out of fibre

The energy sector is changing. We're having to re-evaluate our fundamental offering and consider how we contribute to a future that is greener, cleaner and better. Living in island communities amplifies this responsibility, as we can plainly see and imagine the impact that climate change is having on our coastlines, valleys, towns and wildlife.
