

Who is GSL energy?

Founded in 2011, is a high-tech green energy manufacturer specializing in energy storage batteries and solar systems. Its HQ is in Shenzhen, with a 1,400 sqm facility. The 15,000 sqm R&D base in Huizhou houses 2 automatic and 4 semi-automatic lines, achieving 1.8 GWh annual output. GSL ENERGY serves over 90 countries, partnering with global brands.

Why should you choose GSL energy?

GSL ENERGY's lithium-ion batteries offer high energy density, long cycle life, rapid charging, and enhanced safety for various applications. GSL ENERGY's deep cycle lithium batteries enhance solar energy storage with efficiency, longevity, and safety, ensuring reliable power. Choose the right solar battery to maximize energy savings and efficiency.

How does solar energy work in Cyprus?

Solar technologies convert sunlight into electrical energy either through photovoltaic (PV) panels or through mirrors that concentrate solar radiation. This energy can be used to generate electricity or be stored in batteries or thermal storage. In the last twelve months, the price of electricity in Cyprus has increased by 22.55%

Why should you go solar in Cyprus?

This energy can be used to generate electricity or be stored in batteries or thermal storage. In the last twelve months, the price of electricity in Cyprus has increased by 22.55%. By going solar, you can reduce demand for fossil fuels, limit greenhouse gas emissions, and shrink your carbon footprint.

By reducing dependence on the grid, users can save on energy costs and lower their energy bills. Reliability: The GSL Home Energy Storage Solar System utilizes advanced energy storage technology, ensuring reliable backup power during power outages or grid failures. This is particularly crucial for users with high demands for continuous power

GSL ENERGY specializes in the production of advanced lithium battery solutions for residential, industrial, and commercial energy storage needs. With over a decade of expertise in battery technology, we offer flexible ODM, OEM, and OBM services tailored to meet the unique requirements of our global clients.
