Kit includes a remote. 12v Solar Panel : Ensure your Deer Stand Power Bank stays charged at all times with this fast-charging solar panel that connects

power inverter for cabin/deer stand. So I have this crazy idea of building a 2 story deer stand the top will be the stand and the bottom will be for sleeping, cooking or just hanging out there will be no windows on the first floor so lights won't scare the deer. Expensive inverters are an unnecessary expense from my personal experience

The Redneck Solar Power Bank System is the ultimate solution to keeping your electronic devices charged while waiting for that buck of a lifetime. The 15-watt solar panel keeps your power bank charged and ready for your next hunt.

Understanding Grid Tie Solar Panel Kits. With the rising cost of energy prices, solar home kits have become increasingly popular. These grid-tie kits provide the essentials needed for setting up your home to receive electric power from the sun. Some things to consider regarding the usage of solar home kits include:

METAL SPIN PLATE - Featuring a durable metal spin plate, and a built-in, 6V solar charger, the American Hunter Sunslinger Solar Feed Kit automatically feeds up to 16 times per day with an adjustable feed rate to meet the specific needs ???

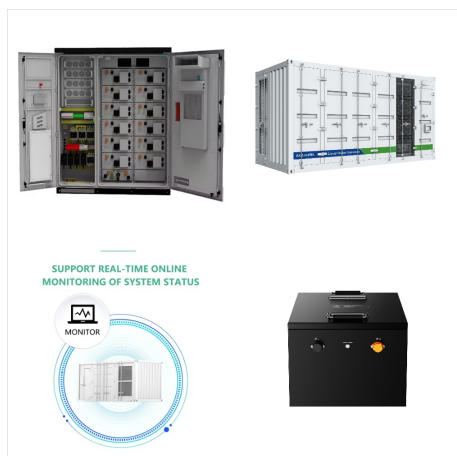

I have built a large deer stand to take family and friends hunting. I would like to have a source of power in the stand to charge electrical devices, run a string of 12 volt LED lights and maybe an auto DVD player (for the kids). I am thinking of a solar battery charger and one or two deep cell marine batteries.
