

What is a Deye ai-w5.1-B lithium iron phosphate (LFP) battery?

The Deye AI-W5.1-B Lithium Iron Phosphate (LFP) Battery is a cutting-edge energy storage solution designed for both residential and commercial applications. This modular battery system offers superior safety, reliability, flexibility, and eco-friendliness, making it the perfect choice for maximizing your self-consumption ratio.

What is a Deye all-in-one energy storage system?

The Deye All-in-One Energy Storage System is the perfect choice for homeowners and businesses looking to optimize their energy consumption, reduce reliance on the grid, and ensure a reliable power supply. With its advanced features, easy installation, and user-friendly control options, this system sets a new standard in energy storage solutions.

Who is Deye ESS Technology?

We are proud to be listed on the main board of the Shanghai Stock Exchange and offer a wide range of inverter and energy storage products. As a subsidiary of Deye Technology, Deye ESS Technology Co., Ltd has adopted an innovative development mode and has become a high-tech energy storage product manufacturer.

Why should you choose Deye ESS?

Our world-class engineering team continually develops safe, durable, and environmentally friendly energy storage products and solutions for renewable energy applications. Deye ESS is dedicated to creating a sustainable planet. We use Deye Inverters and Batteries for all our low-voltage solutions for both residential and commercial projects.

What is the production capacity of Deye ESS?

Our annual production capacity is expected to reach 6GWh by 2025. Our world-class engineering team continually develops safe, durable, and environmentally friendly energy storage products and solutions for renewable energy applications. Deye ESS is dedicated to creating a sustainable planet.

Who is Ningbo Deye technology?

Ningbo Deye Technology Incorporated Co., Ltd is a leading Sci-Tech enterprise that has undergone decades of development. We are proud to be listed on the main board of the Shanghai Stock Exchange and offer a

wide range of inverter and energy storage products.
