Who is DGA Energy Solutions Australia?

In 2023, DGA Energy Solutions Australia Pty Ltd (DGA Australia) was established to explore business opportunities in the field of green hydrogen/ammonia (GH₂/NH₃) in Australia.

What is DGA Australia?

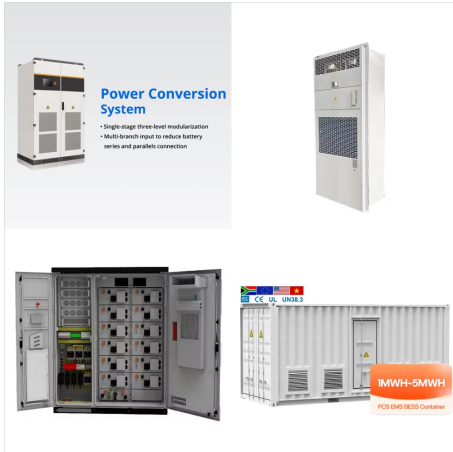

DGA Australia's strategic initiative is to capitalize on the growing demand for clean and sustainable energy solutions and position itself at the forefront of the renewable hydrogen industry. Our Mission is to provide accessible and sustainable energy solutions through renewable power and green hydrogen in Asia, the Middle East and Oceania.

Does DGA have a green hydrogen project in Australia?

DGA's collaboration with Zen is the company's latest play in Australia's nascent green hydrogen market. Late last year DGA signed a letter of agreement with Countrywide Hydrogen to jointly conduct and fund studies for the Portland Green Hydrogen project being developed in Victoria.

From short-term interim requirements to contracts for long-term use (up to 20 years) and everything in between; we offer our clients customized contracts for their energy needs. As leaders in the industry, DGA Energy has its finger on the pulse of advancements that have made it possible to serve a greater number of clients.

Australian renewable energy gen-tailer Zen Energy has teamed with DGA Energy Solutions Australia, a subsidiary of Japanese trading giant Mitsubishi Corp, to co-develop green hydrogen projects and advance ???

We present you the newest EGE project in Europe. Our partner KTM Energy Solution just finished the installation of 710KW of EGE PV modules for an industrial project in Jegunovce, North Macedonia. They have been installed on an industrial rooftop.

The collaboration aims to support the decarbonisation of Mitsubishi's operations and is aligned with DGA's hydrogen strategy, Zen Energy said on Thursday. Through a Memorandum of Understanding (MoU), Zen and DGA extend their existing partnership dedicated to the delivery of renewable electricity and renewable hydrogen into new sustainable

North Macedonia adopted its first National Energy and Climate Plan (NECP) in June 2022. It follows the more progressive scenarios from the Energy Strategy in its coal phase-out timeline, with Oslomej being decommissioned in 2021 and Bitola in 2027. However, in the introduction it also says that the timeline may slip to 2029.

DGA Energy Solutions Australia Pty Limited (DGA), which is 100% subsidiary of Mitsubishi Corporation (MC), and ZEN Energy (ZEN) have executed a Memorandum of Understanding (MoU) to support DGA's green hydrogen ???
