

What is direct solar unlimited?

Sign up for the Direct Solar Unlimited plan and get rewarded for the extra energy your solar panels produce. Get unlimited bill credits for the excess energy from your solar panels. Must have solar panels to qualify. Gives you bill credits for all excess energy generation produced by your solar system and returned to the grid.

What services does direct energy offer?

Direct Energy offers electricity, natural gas and home services across the U.S. and Canada. Experience low rates, excellent customer service and start saving today!

Is Direct Energy a good choice?

Direct Energy only offers this option in Alberta and Texas. It could be a good choice if you expect energy prices to go down in the near future. Bundled plans: Sometimes energy suppliers will bundle electricity and natural gas service in a single plan for additional savings. Direct Energy currently only offers this option in Alberta.

Should you switch to solar energy if you live in Connecticut?

Despite requiring a considerable investment, switching to solar energy is a great way to save on utility bills. And this is especially true if you stay in Connecticut. The state has some of the highest electricity rates in the US, and a solar energy system could mean significant long-term savings.

Does direct energy offer a fixed rate plan?

Fixed-rate plans: Direct Energy offers mostly fixed-rate plans for electricity and natural gas, with up to 100% renewable energy plans also offered in many states. You can choose the contract length you want (up to three years in some markets) and for that period you'll be guaranteed energy at a set rate.

How do I contact direct energy?

Just give us a call or chat with us online. Stay hands-on and in the know with the Direct Energy app and online account manager. Keep tabs on usage, pay bills, and more. You can even renew your plan and transfer service yourself. Go with Direct Energy for stability and support you can count on.
