

Company Introduction: Our company mainly produces photovoltaic panels, produces high-quality products that meet the market demand, and sells solar inverters and energy storage batteries and other supporting products. Our company has its own production site, purchased advanced production equipment, and hired high-tech personnel to strictly control the quality of products.

DAH Solar is Solar Panels supplier from China, mainly products Poly Solar Panels, Mono Solar Panels, Solar PV Module with years of experience. Full-Screen | Rectangular Cells | TOPCon| 610W to 630W. Read More.

Our global patented product Full-Screen PV module achieves front A-side frameless design, which increases power generation by 6%-15% (field test result published by TUV Nord) compared to the regular PV modules. The world's first integrated PV system, SolarUnit, could maximize the installation area of the rooftop.
