

Who is Ekarat solar?

With a wide vision of the management teams to realize the important and necessity of the clean energy to produce electricity that is why the Solar Department has been established in 2002. "Ekarat" Produced and commercialized Solar Modules with production capacity of 15 MW per annum.

Who is Ekarat?

Spc. "Ekarat" Provides services for the design and installation of a solar power plant or a grid connected /on grid system. "Ekarat" has experience in the design and installlation for Solar Rooftop by experts with expertise and service for a long time. "Ekarat" provides services for the design and installation of Stand Alone /Off-Grid System.

Are Ekarat certified & approved?

"Ekarat" have been certified and approved from many international standard. IEC 61215 (TÜV), Safety Class II (IEC 16730), Standard Quality Management System ISO 9001, Environment Management System ISO 14001, Occupational Health and Safety OHSAS/TIS 18001, Thai Labor Standard TLS 8001.

How much money does Ekarat have?

"Ekarat" Established on June 24,1981 with an initial registered capital of USD 0.13 million (4 million baht). At present,the registered capital is USD 34.03 million(1,075 million baht). The highest market share in the country is 30 years with over 2,000 million baht per year.

What are Ekarat standards?

"Ekarat" International standards are fully recognized in both the design and testing process. Typically the following standards are followed : IEC 60076,ANSI C57,VDE 0532 and DIN 4290,JIS,TIS 384-2543(2000). "Ekarat" has always been a leader in transformers. Since becoming the first manufacturer

What is the production capacity of Ekarat Transformers?

Annual production capacity is approximately 8,000 units or 4,000 MVA. ? "Ekarat" International standards are fully recognized in both the design and testing process. Typically the following standards are followed : IEC 60076,ANSI C57,VDE 0532 and DIN 4290,JIS,TIS 384-2543 (2000). "Ekarat" has always been a leader in transformers.
