Empereal empowers communities through the provision of clean energy and pure water delivered via innovative and reliable world-class systems. Our in-depth experience in design, fabrication, implementation, and operations provides highly versatile renewable energy solutions.

Empereal Energy and Services operates in all aspects of solar energy solutions. From the research and development of solar thermal and water desalination solutions to solar photovoltaics and architectural solar, we bring innovative design and engineering skills to design, implement and maintain various solar solutions.

Empereal Energy and Services Pte Ltd. Empereal is a leader in Linear Fresnel Based Solar Thermal solutions, Solar desalination using MED and FO systems and in large scale Solar PV implementations. We create technology as well as implement projects is ???

13 years of experience in clean energy and pure water solutions ??? 550+ MW of Solar projects commissioned ??? Over 155 projects completed across India and the Middle East ??? Specialisation in Solar PV, Solar Thermal, Desalination solutions and Architectural Solar ??? Multiple installations at the Dubai EXPO EMPEREAL ENERGY & SERVICES

Discover the potential of advanced renewable energy technologies that revolutionize how we produce, distribute and utilize energy, paving the way for a greener, and more sustainable future. Partner with us to Co-Create, Innovate, and Power a Brighter Tomorrow. GET IN TOUCH
