GENEVA ??? Gunvor Group, one of the largest independent energy commodities trading companies worldwide, has successfully closed its inaugural United States (US) Private Placement, totalling US \$378.5 million of senior unsecured notes ???

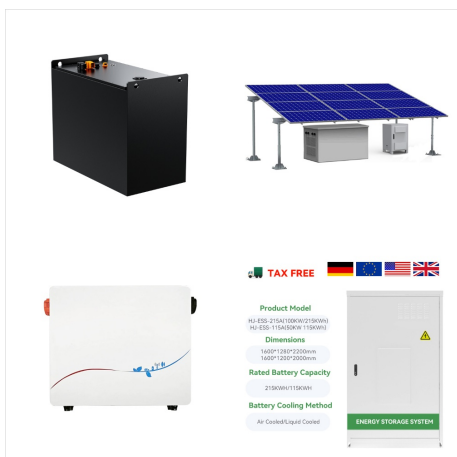

This is a significant change for a bloc that added its only members 13 years ago. The BRICS grouping started as an acronym for countries with widely varying economic output and trade and investment partners, and the expanded group would be even more heterogenous. Q2: Will the expansion of BRICS impact global energy security?

NOA Energy Trade shpk started its activity in 2014 as part of NOA Holding Group. Focused on Albanian Power Market, the company set its trading desk in Tirana, relying strongly on a compact infrastructure with a trading floor fully supported by a team of specialists from scheduling, risk and back office departments.

At Eneco Energy Trade, we have the drive to contribute to this to the maximum extent, leveraging our unique, central position as the Dutch energy trading house. Started in 2000 as a trading unit within Eneco, we have grown into the connecting link for climate-ambitious parties in the European energy chain. This goes beyond the daily buying and
