

Who is Enfinity Global?

Enfinity Global is a leading US-based renewable energy and sustainability services company that was established in 2019. The company owns a 26.8 GW portfolio of renewable energy and storage projects, including operational, under-construction, and development assets, with an additional 33 GW under negotiation across the U.S.

Does Enfinity Global own a solar power plant in Japan?

This newly operational solar power plant is part of the 250 MW solar PV portfolio owned by Enfinity Global in Japan, where the company is positioned as one of the industry leaders. "We are committed to supporting Japan's plan to become carbon neutral by 2050 by leveraging our global capabilities and being a long-term investor.

Will Aozora support Enfinity Global's solar projects in Japan?

"Aozora is pleased to have the opportunity to support Enfinity Global's solar projects in Japan," said Hiroki Nakazato, Managing Executive Officer, Head of Environment Business Group. "Aozora will continue to focus on financing that supports our customers' initiatives to develop renewable energy and the energy transition for a carbon-free economy."

Martin Allman, Enfinity UK Trade Manager said "there is still much to be done by us in the industry to make solar power even more accessible to all" even though thousands of homes and businesses across the UK are now benefitting from solar power with lower fuel bills and the ability to earn a tax-free income through the Government's feed
