

We are one of the largest independent EPC solar contractors in the country with full-scale solar energy solutions including engineering, solar site design, procurement, pre-construction, construction and operational management of solar energy assets.

Blue Ridge Power is thrilled to announce that we have once again been honored as one of the country's "Top Solar Contractors" by Solar Power World magazine. We are proudly ranked #8 in the nation for "Top Solar EPCs" with over 1 million KW installed, and we are excited to remain #1 EPC in our home state of North Carolina!

Asheville, NC (July 25, 2023) ??? Blue Ridge Power is proud to announce that it has once again been named as one of the country's "Top Solar Contractors" by Solar Power World magazine. Ranked #7 in the nation for "Top Solar EPCs" with more than 1 million KW installed, Blue Ridge Power is also the #1 EPC in North Carolina.

Blue Ridge Power has built 7 GW of solar infrastructure across the U.S. Whether we're building a 300 MW site in Texas or a 75 MW site in Virginia, our in-house EPC teams have a proven track record of successfully executing complex solar projects.

Blue Ridge Power is proud to announce that it has once again been named as one of the country's "Top Solar Contractors" by Solar Power World magazine. Ranked #7 for "Top Solar EPCs" with more than 1 million KW installed, Blue Ridge Power is also the largest EPC on the "Top North Carolina Solar Contractors" list.

Whether we're breaking ground on new solar projects, sourcing materials, or growing our talented team of 700+ employees, we're all working toward our shared goals: generating renewable energy to achieve energy independence, increasing well-paying jobs for American workers, and creating a more sustainable world for the next generations.

Blue Ridge Power is one of the largest independent EPC solar contractors in the country with full-scale solar energy solutions including engineering, solar site design, pre-construction, construction, and operational management of solar energy assets.

Asheville, NC ??? Employees at Blue Ridge Power, a North Carolina based engineering, procurement and construction (EPC) company specializing in utility-scale solar construction, have worked a combined 1 million hours so far in 2021. The ???
