EQUATORIAL GUINEA SOMFY SOLAR PANEL

Aptech Africa pioneers sustainable development by installing 11 solar systems in remote Equatorial Guinea villages, enhancing education, healthcare, and community empowerment through reliable, clean energy sources. Despite challenges, the initiative marks a significant step toward fostering brighter and more promising futures in isolated communities.

With Somfy's solar panel, you'll be able to harness energy from the sun, offering convenience and energy-saving capabilities for your home. MORE TIME, MORE ENERGY, LESS CHARGERS - No need to ever connect to a charger, the Somfy motor is charged entirely by solar power. This energy is stored in an external Lithium-ion battery pack or an

The Global Solar Atlas provides a summary of solar power potential and solar resources globally. It is provided by the World Bank Group as a free service to governments, developers and the general public, and allows users to quickly obtain data and carry out a simple electricity output calculation for any location covered by the solar resource database.
