MODULYS RM GP is a 3-phase modular UPS system designed for 19" rack integration. Easy to integrate and install whilst simple to manage and maintain, it provides maximum availability and power protection in a compact design leaving free space for other rack-mounted devices. Socomec signs up to JRC Code of Conduct for Elite level UPS

Conçu sans point unique de défaillance, MODULYS GP offre les avantages de la technologie Green Power 2.0. Conformité aux normes IEC/EN 62040-1, IEC/EN 62040-2, IEC/EN 62040-3, IEC 60068-2-57, IEC/EN 62040-4 - Passerelle IoT pour services cloud Socomec et application mobile SoLive UPS. - Écran tactile d'opérateur. Ressources

MODULYS RM GP est un système d'ASI modulaire triphasé intégrable en rack 19". Facile à mettre en œuvre et à installer, simple à gérer et à maintenir, ce système assure une disponibilité maximale et une protection optimale de l'énergie.

Available for the MODULYS GP range, the Li-Ion battery UPS is ideal for unscheduled site upgrades or incremental power evolutions. SOCOMEC S.A.S. 1, rue de Westhouse - BP 60010 67235 BENFELD Cedex - FRANCE T?l : +33 3 88 57 41 41 . Technical guide: Li-Ion battery UPS

With its flexible modularity providing seamless and risk-free power scalability up to 200 kW, the MODULYS GP range is the ideal solution for unscheduled site upgrades or incremental power evolutions. The installed power can be increased up to 200 kW by adding hot-swap plug-in power modules for incremental steps of 25 kW.
