If your average gas generator costs about \$1000 a similar output solar generator is going to cost you somewhere close to \$2000 ??? and maybe even more. Solar generators have lower operating costs in the long haul to offset that initial expense, but it still a pretty big hit to your bank account right away.

Here are some pros and cons of a solar generator like the Jackery 1000W: Pros: Clean & Quiet Operation: Solar generators run silently and emit no fumes or pollution, making them environmentally friendly. Portable: Solar generators are typically lightweight and easy to transport, ideal for camping, outdoor activities, or emergency situations.
