

Who is exergy?

EXERGY is a part of TICA Group, a leading integrated system and service provider in HVAC. From its headquarters in the north of Italy (Milan), EXERGY exports and implements its technology worldwide with a particular focus on high growth potential markets.

What makes exergy unique?

EXERGY's proprietary technologies, covered by several patents, allow for highly efficient energy production via the exploitation of heat sources from geothermal, waste heat from industry, biomass and concentrated solar power. The EXERGY portfolio includes almost 500 MWe and the second largest geothermal binary fleet worldwide.

Why should I use exergy?

more efficient and sustainable? \* I authorize the processing of the data entered according to the purposes indicated in the Privacy Policy. Exergy supplies clean technologies and ORC systems for geothermal, CSP, biomass and waste heat recovery applications.
