

Do ezviz batteries work with solar panels?

Please check for compatibility before purchasing. Connect your EZVIZ battery-powered camera to our Weatherproof Solar Panel to capture the sun's free, clean energy - and enjoy year-round security. Non-stop protection. Made of single crystalline silicon solar cells, the Solar Panel delivers up to 6.18 W of power.

Are ezviz solar panels weatherproof?

Weatherproof Design: Featuring a durable frame and stainless steel screws, the solar panel easily withstands rain, dust, snow and sun. The solar panel can be a great helper to simplify your use of an EZVIZ outdoor battery camera, as it provides round-the-clock green power to free you from recharging your device.

Can ezviz charge a security camera?

Designed to Charge All EZVIZ Outdoor Battery Cameras
Large Built-in Battery Capacity: As a 75Wh power bank that converts solar energy to charge security cameras, it removes your battery anxiety even if you live in a cloudy region. Double Charging Ports: It powers two battery cameras at the same time to ensure all-around protection.

Which ezviz models support Bluetooth communication?

Actual charging efficiency may be slightly higher or lower depending on sunlight intensity and other environmental factors. Currently only following models support Bluetooth communication: EB3-R200, BC1c-R100, CB5-R100, EB5-R100. The list may grow as EZVIZ launches more products in the future.
