

Will Hitachi energy supply a battery energy storage system in the Faroe Islands?

Image: SEV. Hitachi Energy has been selected to supply a large-scale battery energy storage system (BESS) for a wind farm in the Faroe Islands, as the remote archipelago targets a goal of 100% renewable energy. The North Atlantic islands, between Norway and Iceland and north of Scotland, are home to about 50,000 people.

Who are the biggest private companies in the Faroe Islands?

One of the biggest private companies of the Faroe Islands is the salmon -farming company Bakkafrost, which is the largest of the four salmon-farming companies in the Faroe Islands and the eighth-biggest in the world. This list includes notable companies with primary headquarters located in the country.

How vulnerable is the Faroe Islands economy?

Nevertheless, the almost total dependence on fishing and fish farming means that the economy remains vulnerable. One of the biggest private companies of the Faroe Islands is the salmon -farming company Bakkafrost, which is the largest of the four salmon-farming companies in the Faroe Islands and the eighth-biggest in the world.

Where are the Faroe Islands located?

The Faroe Islands are an archipelago between the Norwegian Sea and the North Atlantic approximately halfway between Norway and Iceland, 320 kilometres (200 miles) north-northwest of mainland Scotland. The islands are an autonomous territory within the Kingdom of Denmark.

Why should you choose US battery Mfg?

Info. Center Power You Can Depend On! U.S. Battery Mfg. Co. is committed to providing our customers and global partners with the highest quality, most dependable deep-cycle batteries available. With a History of excellence, we feel confident our line of world-class products will surpass your power storage needs.

Why are the Faroese Islands a problem?

The islands are an autonomous territory within the Kingdom of Denmark. Economic troubles caused by a collapse of the Faroese fishing industry in the early 1990s brought high unemployment rates of 10 to 15% by
