The lawsuit alleges that Freedom Forever misled customers about the cost of solar panels, the savings that customers could expect to achieve, and the company's ability to complete installations on time and on budget. The lawsuit also alleges that Freedom Forever used high-pressure sales tactics and made false promises to customers.

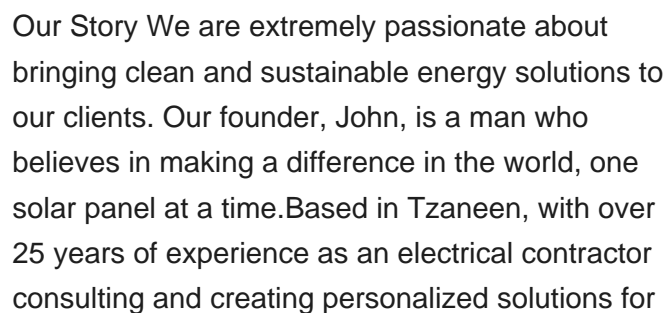

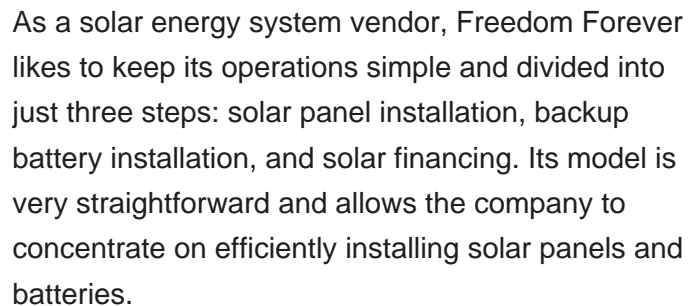

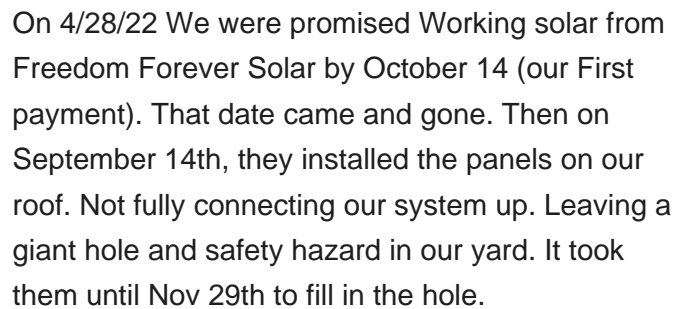

Freedom Forever is a residential solar installation company that executes best-in-class Engineering, Procurement, and Construction (EPC) for our dealer partners. We do not sell directly to homeowners. Our independent ???

Solar power systems that include solar batteries, known as solar-plus-storage, are increasingly popular, but can be pricey. Luckily, batteries are not necessary for most solar homeowners. As long as you are connected to the grid, your system does not need a battery: excess power goes back into the grid, and you can draw from the grid if you need more electricity than your panels ???
