Clever Solar Power. Solar Power Made Easy.
Clever Solar Power Hi nick my friend has a restaurant set up,i installed 2 inverters,running different lines each with 2x 200ah batteries,the batteries are linked in series which means i only have 200ah with 2 x 200ah the power doesnt last long enough when its loadshedding, can i connect the 2

Voltage reduces when the temperature increases.
Source: Victron Energy The operating voltage at maximum power point at Standard Testing Conditions (25C?) is about 20V and the battery voltage is about 13.5V, an MPPT controller can extract more power from a solar array during colder conditions than what a PWM model can.. The reason for this is that the ???
