V-TAC VT-48100E specifications. Below you will find the product specifications and the manual specifications of the V-TAC VT-48100E. The V-TAC VT-48100E is a battery charger designed for recharging rechargeable batteries. This charger is equipped with multiple charging slots, allowing users to charge multiple batteries simultaneously.

La Batteria di Accumulo per Fotovoltaico (LiFePO4) V-TAC SKU 11526 (VT48100E-W), con tensione di 51.2V e una capacita di 100Ah, e una batteria al litio ad alte prestazioni compatibile con Inverter Fotovoltaici, consente di accumulare energia solare fino a una capacita massima di 5,12kWh. Ideale per massimizzare l'efficienza di impianti fotovoltaici e ridurre i costi energetici.
