All of the islands of the French Southern Territories have large populations of penguin, albatross, and seals. Early-20th-century introductions of rats, cats, rabbits, pigs and goats have now mostly been eradicated but left their mark on this fragile ECOSYSTEM. France declared the largest Exclusive Economic Zone (EEZ) in the world around the

We recently participated in RE+ 2024, one of North America's largest renewable energy trade shows, held from September 10-12 in Anaheim, California. It was a fantastic opportunity for us at Mibet to present our latest PV mounting brackets and system technologies tailored to meet the increasing demand for clean energy.
