Fritz Schur Energy & Teknik is a supplier of hydraulic system solutions and components to and for the wind industry. It designs, assembles, tests, optimizes and supports wind turbine solutions. It develops prototypes and puts them into serial production. It also specializes in spare parts and retrofit, offering original hydraulic spare parts

Founded in 1995, FST (formerly Fritz Schur Teknik) provided the Danish manufacturer with industry-specific hydraulic solutions for stationary equipment and mobile machinery. For this purpose, the engineers combined suitable components from different manufacturers.
