

Who is F&S energy?

F&S Energy was founded in 2011 in the City of Chelmsford, by industry professionals with a vision to increase competition in the renewable energy sector by taking a fresh and dynamic approach to the industry.

What is Turkmenistan's energy policy?

The energy policy being consistently implemented under the leadership of President of Turkmenistan Serdar Berdimuhamedov is aimed at the comprehensive development of the fuel and energy complex and its dynamic integration into the international energy system.

What is Turkmenistan focusing on?

Turkmenistan is focused on the accelerated modernization of the fuel and energy complex and the expansion of its infrastructure through the creation of modern production facilities. Regarded in this light, our state's priority is the processing of natural gas and the production of new types of commodities.

What can be learned from the Turkmenbashi complex of oil refineries?

Furthermore, the capabilities of the Turkmenbashi Complex of Oil Refineries and the Seydi Oil Refinery will be analyzed in detail, promising areas for their development will be determined, as well as the optimal range of petroleum products, taking into account modern requirements and demand on the world market.
