A PWRcell Solar + Battery Storage system has all  
the power and capacity you need, enough to save  
money on energy bills and keep the whole home  
powered when the grid goes down. PWRcell goes  
above and beyond the competition with up to 10kW  
of continuous backup power and cohesive load  
management for further protection.

The PWRcell 2 enhances the already customizable  
design of its predecessor by delivering increased  
power. Generac, well-known for its home  
generators, has also made a name for itself in the  
home battery market. Now, the company is  
introducing the PWRcell 2, the second generation of  
its home battery system, which brings more power  
while maintaining its ???

The PWRcell Battery is the storage component of the PWRcell System. The battery can be used for grid-connected solar applications such as Self Supply and Clean Backup. The battery is designed to work seamlessly with Generac PV Links and the PWRcell Inverter to form the PWRcell system for grid-tied solar-plus-storage. REbus Generac's proprietary

Store your solar power and save with PWRcell 2. Introducing the newest generation of solar battery storage ??? delivering clean energy to help save on utility bills and provide whole home backup in case of an outage.

PV Tech has been running PV ModuleTech Conferences since 2017. PV ModuleTech USA, on 17-18 June 2025, will be our fourth PV ModuleTech conference dedicated to the U.S. utility scale solar sector.
